Professor Johnson does not use CANVAS, Connect, or MyLab email systems. Students not receiving a response within 48 hours should assume their email is lost in the Internet. Try sending it again using an alternate Internet Service provider, or use educational wording in the subject line.

Advising

Students new to the program should contact Teresa Brooks or Steve Quinn at the Bremerton Student Advising Center to schedule an individual orientation appointment. The ACCUPLACER placement test should be scheduled, and an Educational Plan developed. Students should include all courses previously taken or currently enrolled in. Professor Johnson approves educational plans in quarterly group advising sessions. Dates are posted on the opening Professor's Online website.

Professor's Online

General Advising information can be obtained through posted documents at www.faculty.olympic.edu/hjohnson, under the Advising Information Section from the Opening Page Main Menu. Thoroughly Review the FAQ link before contacting the Advising Center, to insure you are adequately prepared to ask the questions you will need to be successful. Best Wishes!
